

SSD T/A CREWSAVER SERVICING AND MAINTENANCE BULLETIN No. 55

ISSUED TO: All UK Service Stations

DATE ISSUED: 29-04-2016

SUBJECT: BER (beyond economical repair) **Certificates for the Environment Agency**

ISSUED BY: Guy Page

EXP DATE: (If Applicable)

It has been agreed by the Environment Agency that once a lifejacket fails service we are able to remove from circulation.

This is to ensure a “non” serviceable or a lifejacket that has been damage beyond repair does not end up back in use.

If a lifejacket fails then it will need to be reported back to the EA Site, once agreed that they do not want to go ahead with any repairs, then a BER certificates (see below) must be issued.

The Certificates now replaces the jacket and will enable them to remove it from their system.

The lifejacket “must” then be destroyed.

Please ensure that you fill in the serial number and a brief reason for BER

A copy of the Certificate should then be returned to the EA Site and a copy email to Crewsaver to follow up on the sale of a replacement jacket.

Email address: crewsaver.sales@survitecgroup.com

Copy of BER Certificate.
